

THE TRIBUNE. DANVILLE, KY. Friday, August 1, 1886. (From the Louisville Journal.) War! War! War!!!

Kansas Again Invaded—Lane's Regiment in the Territory!

Six hundred and fifty abolitionists, the "flower" of the "redoubtable" Col. Lane's army crossed the Missouri river into Kansas, on Monday the 21st inst. They were all "armed to the teeth" with Sharpe's rifles, bowie-knives and Colt's revolvers.

After they had crossed, Lane stated that he would not go any further just then, but would return and force his way up the Missouri with his other regiment. We are indebted to Capt. D. H. Tilver, of the Missouri, for the following account of the invading forces, and represents them as being the best armed set he ever saw. There were no women or children accompanying them, and their baggage consisted of a single small carpet bag to each man. Up overgrown and

LATEST FROM KANSAS.—The St. Louis Democrat, of Saturday, says: The report that one of Gen. Lane's regiments had crossed the Missouri into Nebraska, is untrue. The officers of the steamer Genoa, which was at Bennett's landing, a few miles below Nebraska City, on the night of the 21st, state that four hundred is the number of the men who had marched with him through Iowa, and that they had not left the State, but were still encamped in the woods skirting the river, on a spot a few miles from Bennett's ferry. The farmers in the neighborhood supply them with food, and desertion from the party are of frequent occurrence.

FOREIGN NEWS.

ITALY, July 29.—The steamer Arabia, from Liverpool has arrived, bringing dates to the 19th inst. In the English Parliament several items of minor interest transpired. The committee of the House of Lords have recommended all executions hereafter to take place within the precincts of the prisons, as in the United States, but no interference is contemplated with the usages of capital punishment.

The British government has sent out troops to prevent an apprehended Caffre revolution at the Cape of Good Hope.

An explosion occurred at Cymmer's Coal mines near Cardiff. One hundred and ten men were killed.

Spain has again been convulsed with insurrections. The revolt grew out of the opposition compelling Espartero and his colleagues to resign, and the formation of a new ministry with Gen. O'Donnell at its head. In Madrid the National Guards and citizens had fraternized Gen. Infante and Pucheta, a bull fighter headed the revolutionists, and thirty horses kept up a bloody fight with the troops. But they were eventually overcome and the Government remained triumphant at every point except Saragossa.

At the last accounts the insurrectionist had been crushed, and the National Guards were disbanded, and the country declared in a state of siege. As soon as the news of the insurrection reached Paris, orders were issued for the despatch of an army of observation to the Spanish frontiers.

In Denmark, some disturbances have occurred at Copenhagen from the preaching of Mormons. The military arrested the offenders.

The Crimea was entirely evacuated, except by three of the Allied ships, which were carrying stone and iron from Sebastopol.

ARRIVAL OF THE ILLINOIS.

NEW YORK, July 27. The steamship Illinois arrived this afternoon from Aspinwall, bringing California mails to the 5th inst., and \$1,650,000 in treasure.

The Illinois connected with the John Stephens, which brought upwards of \$2,000,000 in treasure.

Advices from San Francisco indicate that the State authorities have apparently determined to make no further resistance against the Vigilance Committee. The startling event of the week was the stabbing of A. K. Hopkins by David S. Terry, associate Justice of the Supreme Court.

FROM THE PACIFIC.—The latest news from Oregon represent that Territory a still in trouble with the Indians.

At San Francisco, the Vigilance Committee still held sway. The news from the mines are encouraging. Herbert's conduct is denounced bitterly, and he is spoken of as a low flung gambler, whose election was only secured by the fraud of the ballot-box.

Walker is in trouble. He was declared elected President, and was inaugurated. But Rivas and a strong party are arms against him.

Gen. Comofort's decree, taking from the Church some \$400,000,000 worth of landed property, is very popular with the people of Mexico. But the priests and high papists are plotting his overthrow.

Gen. Houston has returned to Washington from a visit to Texas, with health greatly improved. The Philadelphian Enquirer says that he is out to fill more.

Ex Governor Washington Hunt of New York, an old-time Whig, and one of the most popular men in the State has come out for Fillmore, declaring his confidence that he will be triumphantly elected.

Accounts from the West indicate the yield of sugar and molasses this year as remarkably prolific. There has not been so much turned out for years. We hope it will cause a reduction in the price.

The P. & O. G. & S. states that thirty papers in Pennsylvania have declared for Fillmore.

THE WASHINGTON UNION ENDORSES MR. FILLMORE.—Mr. Fillmore's speech at Albany rings throughout the land like a trumpet-call. It is winning golden opinions wherever it is read. Even the Washington Union, the national organ of the Buchanan Democracy, speaks of it as "an eloquent and scathing denunciation of sectionalism." It further says: "Mr. Fillmore has exposed the disunion character of the Black Republican nomination with great clearness and boldness. His argument is unanswerable. The Philadelphia (Fremont) Convention took the first step in the work of disunion. It ignored an entire section of the confederacy, and declared by its action that, to be a citizen of a Southern State, is a disqualification for President or Vice President. This is nothing more or less than undisguised secession, and we rejoice that Mr. Fillmore has laid his voice against so dangerous an experiment upon the strength of our confederation. To this portion of his speech we invite the earnest attention of every lover of his country."

—A correspondent of the New York Herald, writing from Mr. Buchanan's native city, Lancaster, Pennsylvania, states that out of eight newspapers of that place, only two are for the Democratic nominee. He adds:

"The prospects of that once distinguished old gentleman now remembered as 'No longer simply James Buchanan,' for an election to the Presidency, are daily becoming more and more obscured. The Scriptural maxim, that 'a prophet is not without honor, save in his own country,' does apply to Mr. Buchanan as a candidate. He will leave 'his own country' on the 6th of November, with a small sprinkling of political honor; and if half we see and hear be true, he will have a miserably slim chance of making it up in any other country—Cuba not excepted."

DEBATE AT STAMPAUGH GROUND.—On Friday last there was a discussion at the Stampah Ground, Scott county, between Messrs. JOHN REDMAN and T. M. GARET on behalf of the American party, and Messrs. Beck and Dickerson on behalf of the Democratic party. Our friends who were present were highly delighted with the result. The American cause had decidedly the best of the battle. The speeches of the champions are extolled in the highest terms as eloquent, telling, powerful, and overwhelming.

Frank Com.

The Boston Ledger learns that President Pierce will pay a visit to his native State about the beginning of October next, and remain a few days among his old friends. After the 4th of March next the people propose to give this competency as much time as he could desire to spend with this old friends. His right-bow, "little dog," and his ancient pitcher, Caleb Cushing, will probably enjoy similar opportunities.

The "IRON AND STEEL" ARMY ALL FOR FILLMORE.—The New York Herald gives the result for president in a number of extensive manufacturing establishments in that vicinity. In every instance Mr. Fillmore has a large majority, and Buchanan the least number of votes. The mechanics will not support the man who argued that the wages of working men in this country should be reduced to ten cents a day.

IN THE UNITED STATES there are 160,000 square miles of coal beds; in Great Britain less than 17,000. The proportion of iron ore about the same. The coal and the iron which she possesses are the source of nearly all the power of the British empire. Iron forms the body and coal the soul of her strength. Iron the nerve and steel the sinew, but coal the vital heat and energy that puts the whole in motion.

IT'S NOT FILLMORE, BUT T'OTHER ONE.—The reason why the American press does not now trouble itself to notice the occasional state slanders on Mr. Fillmore, is, that the people know Mr. Fillmore, remember his administration and are not uneasy as to the conversation. It isn't Fillmore—it's the other fellow they want to know about—old Squatter Sutters. And the more they know of him the less they'll like him, for that is evidently the way with his old party friends!

THE TRIBUNE IN OREGON.—It is stated that within a few weeks, no less than 250 whites have been killed and wounded by the Indians in Oregon. This wholesale slaughter will no doubt lead to a powerful reaction, and fearful attempts will be made to exterminate the Indians.

THE WASHINGTON correspondent of the New York Herald says: "There seems to be a belief that North Carolina, Delaware, and Maryland will go for Fillmore. This opinion is formed upon information received from the leading Buchanan men of those States. An effort is making to harmonize the parties in Missouri. Atchison opposed to it."

MISSOURI.—A correspondent of the St. Louis American, who has lately visited various sections of the state on private business, and watched the current of political sentiment as a quiet observer, says the election of the American ticket in Missouri is certain.

POOR BECK.—The reports come in thick and fast from all parts of Pennsylvania that Buchanan cannot carry his own State. His friends have no enthusiasm, he partitions of Douglas and Pierce are plotting against him; an unbroken American phalanx is opposed to him—alas poor Beck! what chance has he!

LEAF MANURE.—If you have a large pile of leaves, which you would convert into manure, adopt the following process: Shake fresh lime with time, till it falls to a powder. Turn your leaves with a fork, and sprinkle this powder evenly among them, at the rate of four bushels to a cord of leaves. Turn the heap now and then, and you will soon have a noble manure. Nothing is better applied to fruit trees.

Horticulturist.

GOOD NEWS FROM AN UNEXPECTED QUARTER.—We are permitted to make the following extract from a private letter written by a highly respectable and intelligent gentleman at Springfield, Washington county to his brother in this city—Linn, June:

Springfield, July 25.

Public sentiment is high here. Hanson spoke on Thursday, July 23, at Massena, and his speech here today, all Essex Natick, Hanson made the best speech I ever heard. Old Democrats held their tongues and looked as if they were being as usual as he was. There were some Know Nothings here, but I had my eye on a Know Nothing who spoke his sentiments with being killed for it. Last fall it was dangerous to speak. They come now, the hills and say they are not afraid to speak.

In Lincoln county last year we had a majority of nearly 400; this August we shall have about 600, and I think by fall seven or eight hundred. We are expecting every day.

In this place the Anties took very much down. There are three old Catholics here who will vote the Know-Nothing ticket and will vote for Fillmore in the fall.

The following, says the Providence Journal, is a copy of the inscription on a Democratic banner, contributed to the rank and file of Burrillville, R. I., probably by Mrs. Partridge:

"BROOK CASE, 1854, and DEARER HEADS, and SIN SIN NAUGHTY PLATFORM."

The number of logs in the States of Ohio, Indiana, Michigan, and Kentucky at this time is estimated by the editor of the Ohio Farmer at 10,943,284, which at \$3 a head, at fair average value of the stock, amounts to \$32,829,852. If it fall to \$2.50 they would average \$2,725,821. The park interest of the whole country is almost beyond itself, its magnitude is so great.

The Philadelphia Ledger is provided with facilities for the most rapid printing in the world, being able, by the aid of two eight cylinder Hoe's presses, to turn out 16,000 sheets per hour, printed on both sides.

SAN FRANCISCO.—During the last seven years, four hundred murders it is said, have been perpetrated in and about San Francisco, and the city itself has been burned down seven times.

A Cincinnati correspondent of the New York Express, writing under date of July 5, says:

FILLMORE'S ALBANY SPEECH HAS REVERBERATED.—There has been the greatest change here in public sentiment since Mr. Fillmore's arrival in New York that was ever known, even by that distinguished individual, the "Oldest Inhabitant." The whole State is on fire, and shouting for Fillmore and Hancock! Judge Hendley, of this State, in the Black Republican Convention of Philadelphia, pledged Ohio to a one hundred thousand majority for Fillmore. He yesterday said the following: "That Fillmore's Albany speech had already reduced that majority to fifty thousand! But, for the model President! Ohio will give Fillmore and Hancock twenty thousand majority!"

Greenville Institute.—Prof. S. G. Mallins.

Friday, ::::: Aug. 1, 1856.

DEAR SIR:—We are requested to call on you as a candidate for Circuit Court Clerk in this county.

SPEAKING—WELINGTON HADLEY and THOS. E. BRAMLETTE, Esq., the American and Democratic County Electors, have an appointment to speak at the Lexington bridge, tomorrow (Saturday), at 2 o'clock, and at the school house on Saturday week at the same hour.

FOR RUSSELL SPRINGS.—Messrs. PATTERSON, the proprietors of Russell Springs, are having a Buck regularly from this place, once a week—moving here, at the Bathing House every Tuesday evening, and leaving for the Springs every Wednesday morning.

ALL SAVED.—Our merchants have already started out for their fall supplies. The remainder will go next week.

MISS HANSON and GABRIELLE reached here Wednesday evening, and spoke yesterday. As we put our paper to press early, we are unable to give any account of the debate. Hanson has been winning complete victories over all opposition wherever he has spoken, and his speeches everywhere are spoken of in the highest terms of praise. He is doing valiant service in the great cause of Americanism, and the party is fortunate in having such a champion.

HAWLEY.—Read the new advertisement of our friend J. C. Hawley. His stock is now, as intended, it always is, full and assorted, embracing Groceries, Confectionaries, and Varieties, in almost endless profusion.

"JAMES BARTLEY"—NEW SUPPLY.—We are requested to state that our bookshelves have a new supply of the above celebrated work, by "Kate Harrington." All who desire a copy can now obtain it.

BOOT AND SHOE STORE.—Mr. C. E. FARRAND has purchased the Boot and Shoe Store of Mr. F. P. WHITCHER, in this place, and is now in the act of purchasing his fall and winter stock, which he intends to be very large and complete. As "Charles" is something of a ladies' man, he is having the store-room at Whitcher's old stand fitted up in nice style, and will at times keep a fine stock of Gaiters, Shoes, and Slippers for the special accommodation of his fair patrons. Mr. Farrand is it proper to add, is experienced in the shoe trade, and may be relied on as a judge in that line.

PROF. HALE.—It will be seen by reference to our advertising columns, that Prof. HALE will commence a series of Lectures on Electro-Biology, at the Court House, on Tuesday evening next. Prof. H. has been for eight or ten years lecturing through the South, and from the large number of complimentary notices we have seen concerning him, we judge that he has been universally successful, both in attracting large audiences, and in entertaining and interesting them. His experiments are everywhere spoken of as being of the most astonishing character, requiring to be seen in order to be believed. We have no sort of doubt but that all who may attend his lectures here, will feel amply compensated for the time they so expend.

"We have frequently intimated to the contemptible jackass who does the lying for the Southern Democrat, that we desired no controversy with him. An article in the last number of that sheet, in reference to us, might demand some reply, and if we thought it was written by a gentleman, (which we know from its language it was not,) we would certainly give it.

MUSIC.—We are indebted to D. P. FAULDS, of Louisville, for "THE LOST STEAMER," written and composed by W. F. Brough, in memory of dear friends on board of the Pacific. All orders for Music sent to Mr. Faulds will be promptly attended to. He keeps a large supply both of Music and Musical instruments.

REVERIES.—Our friends in the various counties, will greatly oblige us by sending us their election returns at the earliest possible moment.

"The New York Tribune's" Washington correspondent, who, like his employer, hates Mr. Fillmore, with the bitterest hatred, says: "Bets are running high in Washington that Fillmore will carry Virginia."

THE ELECTION.—We hope that it is unnecessary for us to make any further appeal to the voters of this judicial district, in regard to the election to be held on Monday next. Every American who has given even a modicum of his attention to the contest, both for Appellate and Circuit Judge, and Commonwealth's Attorney, cannot but have been long since impressed with the fact, that the Democracy, while pretending, on account of the known majority against them, that political questions were to be set aside, and that the election was to be a mere contest of party against party, have all the time been busily preparing for a party contest, and nothing but a party contest, at the polls. Let any one who doubts this fact, point to the Democrats, if any can be found, who intend voting for the American candidates. In view, then, of this state of things, the Americans have a high and important duty to perform. The result of the August election will be taken by our opponents as an indication of the American strength, and it will be used in such a way, (if our candidates are defeated,) as to have a powerful influence in deciding the great struggle in November. Let an American who desires the success of Fillmore—who desires that our glorious Commonwealth shall realize her devotion to American principles—allow himself to be kept from the polls, or permit anything, especially the delusive and hypocritical cry of "no party" by our opponents, to prevent him from voting for the candidates who are American in principle. With Thomas A. Marshall, as Appellate Judge; Thos. E. Bramlette, as Circuit Judge; and Edmund L. Vanwinkle as Commonwealth's Attorney, we will have officers to whom the people can look with pride, and depend upon with confidence.

OFFICERS OF THE ELECTION.—The following are the officers appointed by the County Judge, to hold the election in this county, on Monday next:

District No. 1.—Voting place at Crane's (late Willis') Tavern, in the village. Officers: J. W. BROWN and G. T. KIRKLAND, Judges; John Smith, Clerk; Jackson Walker, Sheriff.

District No. 2.—Voting place at Barkley's Tavern, in Perryville. Officers: W. W. GREGORY and W. H. TOWSE, Judges; Jos. H. HOPPER, Clerk; Geo. H. POLK, Sheriff.

District No. 3.—Voting place at the Central House, in Danville. Officers: Henry Bruce and J. H. TOWSE, Judges; W. C. ANDERSON, Clerk; C. KILGORY, Sheriff.

District No. 4.—Voting place at the Court House, in Danville. Officers: C. T. WORTHINGTON and C. R. RODES, Judges; Jas. F. ZIMMERMAN, Clerk; W. C. CAMPBELL, Sheriff.

The Louisville Democrat is so intent upon serving its party, that it has to interfere in the election for Appellate Judge in this district. The issue for Tuesday, of that paper, contains two articles against Judge Marshall—opposing his election—not because he is a party candidate, but because he is a party candidate, but simply because he is a member of the American party. This interference of the Democrat is designed to have its effect in rallying the self-styled Democracy for Judge Davall. We hope the Americans of the District will mark the fact.

The Pittsburg Commercial Journal is very confident that Buchanan cannot carry the State of Pennsylvania. It says the Democracy are in a minority of twenty-five or thirty thousand in Pennsylvania at this moment, and they know it.

HEAR YE!—At a Democratic meeting in Cincinnati last week, Mr. Groesbeck, the speaker for the occasion, in the course of his speech, declared that "the election of Buchanan would make Kansas FREE!" That is the way Mr. Buchanan's election is advocated in the free States. In the slave-holding States his election is advocated on precisely opposite grounds! Which section is to be fooled, cheated, and betrayed in the event of Mr. Buchanan's election? The South, of course!

From every portion of the country, we are in daily receipt of the most cheering intelligence of the brightening prospects of Fillmore and Donelson.—Their election in the estimation of the shrewdest politicians is now a fixed fact. The destiny of the American party is onward and upward. Truer hearts never beat in a nobler cause, than the cause of Americans. Americans must rule America! It has been spoken—and thank God, there are not yet traitors enough in the land to prevent it.

The Arkansas Shield, of July 5th, contains letters from Henry Archibald, Eliza Walker, Absalom Moreland, T. W. Hill, Alfred Mainard, B. L. Bayless, W. B. Cooper, John R. Crosby, Peter Simmons, G. W. Richey, and Lemuel Kinler, announcing their withdrawal from the foreign Democracy, and their adherence to the American party. The Shield says, all these were prominent and leading members of the so-called Democracy, and never have voted any other ticket but the Democratic.

ACQUITTAL OF HERBERT.—The California member of Congress, who killed the Irish waiter at Willard's Hotel in Washington, has been acquitted.

Mr. Fillmore is at present rusticated at Niagara.

DON'T NEGLECT TO VOTE.—We earnestly call upon our friends to be at the polls, and vote on Monday next. Don't neglect it. Judge MARSHALL, candidate for Appellate Judge; Col. BRAMLETTE, for Circuit Judge; and Mr. VANWINKLE, for Commonwealth's Attorney, are known to be men who possess high qualifications for the offices to which they aspire. The Democracy are making desperate efforts, quietly but none the less industriously, to defeat them, and secure what they will certainly least of, if successful, a "Democratic triumph." Let no American be deluded by their "no party" cry.

RECOLLECT IT ON MONDAY NEXT.—In this judicial district, where the Americans are known to have a large majority, the opposition are loud in their deprecation of party races for judicial office. "Don't make it a party race," is the cry we hear from them from one end of the district to the other.—In the districts, however, where the Democracy is in the ascendant, no such cry is heard. On the contrary, the "Democracy" are urged to stand to their candidates, and reminded of the fact that the issue of the August elections, will have a great influence upon the Presidential contest of November.

The following from the last Harrodsburg Transcript, published in a district which is the stronghold of our opponents, is only a sample of what may be found in all other Democratic papers similarly situated:

REMEMBER, That arrangements are always made to poll every Know-Nothing vote in every election, and that it is important, therefore, to see that every Democratic vote is also polled. Vote early, and vote for none but known and tried Democrats.

That reads as if the Democracy were opposed to party races for the judiciary—doesn't it? Every race, from "town dog pelt" to the Presidency, is made a "party race" by them, and we earnestly urge our American friends to

REMEMBER that Sag Nictism is always ready to poll its full strength in every election, for its party men, and that it is, therefore, important to see that every American vote is polled also. Vote early, and vote for none but known and tried Americans.

NOTE THIS FACT, TOO.—That of all people on the face of the earth, the self-styled Democracy should be the last ones to appeal for American votes.—There never was a party against which the same amount of low-flying abuse, lying misrepresentation and unjustifiable bitterness, has been used, as there has against the American party. Every newspaper professing to be Democratic, has been filled with it—every Sag Nictator, from the oldest and most talented down to the veriest ton-tit that felt himself called to denounce his betters, has belched forth the vilest slanders against our men and measures. "Tories," "Hindoes," "midnight conspirators," and "traitors," are only a part of the epithets which have been applied to us, because we had the independence and patriotism to declare our preference for American born rulers, and none others. Even Napoleon Bonaparte Stone, the gentleman who is a candidate for Commonwealth's Attorney in opposition to Mr. Vanwinkle, and who pretends that he is not a party candidate, in his speech on Monday last, indulged in some of the usual contemptible insinuations in reference to our party, and its mode of proceeding. And Andrew Jackson James, who expects to be elected Circuit Judge by the assistance of American votes, is the very identical individual who was a prominent member of a committee in the last Democratic State Convention, by whom was reported a resolution declaring the "American party foes to our Constitution, our Laws, and our Free Government," and in another resolution declared that they regarded "with abhorrence, the organized falsehoods and treacherous secrecy of the Know-Nothingists!" What right have such men to expect the vote of a single American who respects himself or regards his principles?

CHANGING THEIR TUNE.—It was only a few weeks ago, that the New York Tribune and Herald were making merry over what they considered as Mr. Fillmore's slim chances for success.—Now, however, their eyes have become opened, and both of them call upon the Black Republicans to rally against Fillmore, whose chances they now regard as far superior to those of Mr. Buchanan. Fillmore, says the Herald, is the man they have to fear, and accordingly all sorts of means are being used, but without effect, to put a stop to his growing popularity. The Hard Democrats, of New York are uniting with the Americans—the Softs are going for Fremont—Buchanan is left out of the fight in the Empire State! Read the other items of news which we give from New York.

Who is ANTI-AMERICAN?—There are American electoral tickets, straight out Fillmore and Donelson electoral tickets, in Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, Ohio, Indiana, Kentucky, Illinois, Mississippi, North Carolina, Tennessee, Arkansas, Georgia, Alabama, Missouri, Louisiana, Texas, Florida, and California—in all TWENTY-FORTY-SEVEN States. What other party has as many?

KEEP IT BEFORE THE PEOPLE.
1. That A. J. James is opposed to Common Schools, that he voted against the two and three cent tax.
2. That he is opposed to the proper qualification of teachers by the State.
3. That he voted large sums of money for objects of no benefit to his section of the State.
4. That he is a Conch Shell man—that the said bill appropriated at least \$100,000 to defray the expenses of blowing Conch Shells along the Ohio river.
5. That he proposed to tax poor people to pay for the expense of catching runaway negroes.
6. That his substitute placed a premium on crimes.
7. That it would have bankrupted the State.
8. That he has misinterpreted his course while in the Legislature by saying that he voted against the Conch Shell bill, when the record shows that no direct vote was ever had on the original bill.—Saratoga Gazette.

Mr. C. G. Sheffield, proprietor of the Chicago Type Foundry, died recently.

SPEAKING ON MONDAY LAST.—Our citizens had the pleasure on last Monday, of hearing from the candidates for Commonwealth's Attorney. Mr. STONE opened the debate in quite a long speech, in which he endeavored very zealously to convince the audience that he was, through a Democrat, violently opposed to making his race depend upon party grounds—principally, we suppose, because the district is largely American in politics, as the candidates of his party in Democratic districts, are not at all concerned about such matters. Mr. Stone attempted to wheedle the old-line Whigs, for whom he seems to have an intense admiration, and is terribly afraid lest the American party will ostracize them entirely. Mr. Stone was once a Whig himself, obtained the confidence of the party, and was elected to office by them—but he made it convenient, for some reason or other, to turn his coat, and we humbly think, all things considered, that he is the last man who has the right to expect Whig support. After declaring his objection to political discussion in such a contest, and endeavoring to cast the blame for the introduction of such a discussion upon the shoulders of his opponent, Mr. Stone entered upon an argument in favor of the Democratic party and candidates, indulging, as far as he was competent, in the usual slanders against the American party and its standard-bearers in the present National contest. He is not making a party race, (so he says) but is about as strong a partisan as we have recently seen or heard, and when in Democratic neighborhoods, as we are reliably informed, is by no means slow in appealing to his party friends. Mr. Stone is no speaker—and aside from politics altogether, there is reason to object to his election, on the ground alone that he could not by any means cope in debate with the majority of the lawyers he would have to contend with, in representing the interests of the Commonwealth in our courts of justice. Mr. VANWINKLE, his opponent, on the other hand, is not only a fine lawyer, but he is an eloquent and impressive speaker. His speech on Monday last, in reply to Mr. Stone, was one of the most complete triumphs we have ever seen achieved by any man in debate. It is regarded by every one as the best speech of the canvass. It was not only a most successful defense of his own position, but an exceedingly eloquent vindication of the principles of our party, and the men selected as our leaders. He was frequently interrupted, especially during his defence of Millard Fillmore, by the enthusiastic, almost deafening shouts which appeared to issue from almost every throat in the audience.

At the conclusion of Mr. Stone's rejoinder, which it is unnecessary for us to review, Messrs. Bramlette and James, in a few remarks, announced themselves to the audience, as candidates for Circuit Judge. Here is another contest, concerning which, the opposition plead for a "no party race," while they are known to be rallying, almost to a man, for Mr. James, who is a Democrat, and of course will get the vote of his party—undoubtedly he expects it—and only hopes that enough Americans can be deluded into his support, to render him the successful candidate, and thus achieve a "Democratic victory."

We have nothing to say about Mr. James' qualifications. We know nothing about them. He has the reputation of being a good lawyer, and a most bitter and vindictive politician. Col. Bramlette we know and know well. That he is eminently qualified for the office of Judge no one can doubt, nor can it be denied that he combines with his legal ability all those qualities, both of head and heart, which go to make up the true gentleman—reliable, prompt and honest, and the very man to be voted for by all who desire a Judge who will preside over our Courts with firmness, correctness, and impartiality.

Who is ANTI-AMERICAN?—There are American electoral tickets, straight out Fillmore and Donelson electoral tickets, in Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, Ohio, Indiana, Kentucky, Illinois, Mississippi, North Carolina, Tennessee, Arkansas, Georgia, Alabama, Missouri, Louisiana, Texas, Florida, and California—in all TWENTY-FORTY-SEVEN States. NEW YORK.—CHERRING NEWS FROM THE EMPIRE STATE!—The following, from Gen. Combs, appears in the Lexington Observer:

New York, July 19, 1856.

DEAR SIR: From very reliable information received in this State, will be between Fremont and Free negroes on one side, and Fillmore on the other. The Hard Democrats will help the latter—the Softs the former.

They all say Buchanan has no chance in New York.

Yours, &c., LESLIE COMBS.

D. C. WICKLIFFE, Esq.

The above is important. Gen. Combs left Kentucky a few weeks since, under the impression that Fillmore stood no chance. But when he gets to New York, he finds his mistake in the fact, that in the Empire State, casting a greater number of electoral votes than any other in the confederacy, the contest is given up by all parties, to be between Fillmore and Fremont—that even the Democrats themselves are dividing between the two, and leaving Buchanan altogether out of the fight. Other advices from New York, as well as from every other quarter, are of the most cheering nature. We begin to feel very much like huzzing, as we emerge "from the woods."

"The Americans of the city of New York held a grand Fillmore meeting at the Academy of Music on Thursday night last. The meeting was attended by more than five thousand persons, and the enthusiasm of the crowd would not permit them to adjourn till midnight. The following resolution—brief, but enough, and true—was adopted:

Resolved, That James Buchanan or John C. Fremont cannot be elected, but that Millard Fillmore can.

FOR FILLMORE.—The Daily Gazette, a strong Hard Democratic journal, at Utica, N. Y., finding that Buchanan has no chance to carry New York, has hauled down the names of Buchanan and Breckinridge, and hoisted that of the only National candidate, Fillmore and Donelson. All the National Democrats of the Empire State will go for Fillmore.

HAVING sold out my entire Stock of Goods to Charles E. Edwards, who is well acquainted with the Boot and Shoe trade, having spent several years in some of the best shoe houses in Lexington, I would respectfully recommend all my old customers and the public generally to extend to him a liberal patronage, as I feel confident that he will make it their interest to do so.

Mr. FARRAND is now in the East where he will lay in a first rate stock for Fall and Winter trade, a portion of which I expect to receive the last of next week by Express, consisting of Ladies', Misses', and Children's

SOLD OUT.
PAY UP.

IT will be seen by the above, that I have sold out. This is to notify all persons to whom I am indebted, and pay up. To those whose accounts have run over for a short time, much longer indulgence cannot possibly be extended. Those whose accounts have been credited this year will recollect that I informed them through the paper that my accounts would all be due the first of July, and they were accordingly requested to come forward and settle up as soon as possible, as I wish to make a trip to the Great West in October.
